ReactJS Developer

Experienced ReactJS Developer with **3+ years in software development**, specializing in websites and web applications. Passionate about building high-performance, scalable, and user-friendly solutions with expertise in:

- **ReactJS (3+ years):**
Build responsive and dynamic web apps using React. Comfortable with hooks, components, API integration, and state management like Context and Redux.
- **UI/UX Design (2+ years):**
Design clean, user-friendly interfaces. Use tools like Figma and Adobe XD, and bring designs to life with attention to detail.

Skilled in front-end architecture, state management, and API integration, focusing on delivering exceptional user experiences and real-time applications.

-

Experience

Nesh Logitech Solutions Pvt. Ltd

Apr 2022 – Present

Project: Skilldeo | ReactJS Developer

- Automated first-level screening processes improve recruiter efficiency and candidate experience.
- Led the front-end development using React.js and Redux for a seamless user experience.
- Implemented state management using Redux and React Query for efficient API calls.
- Integrated CI/CD pipelines using Jenkins and GitHub Actions for automated deployment.
- Used Jest and React Testing Library for unit and integration testing.

Project: Genesis | Associate Developer

- Adding new features and fixing bugs.
 - Implementing business logic and changes according to clients' requirements.
 - Created a data export feature using Jasper.
 - Developed a WordPress plugin for bridging between WooCommerce and the logistics aid application.
 - Optimizing queries and code for better performance and maintenance.
-

Other Projects

Project: Seven Star Elevator Systems and Engineering Website | Developer/Designer

- Designed and developed a modern business website to represent the company's vacuum elevator offerings.
 - Created an intuitive layout showcasing three elevator variants with detailed specs and inquiry options.
 - Implemented **responsive design** for seamless performance across mobile, tablet, and desktop.
 - Integrated contact forms and business details for easy lead generation and customer reach.
-

Education

- **Bachelor of Engineering - Electronics and Communication Engineering | 2021**

Aalim Muhammed Salegh College of Engineering, Electronics and Communication Engineering, Anna University
